Texas Asks Person of H. Clay Pierce.

Travis County in True Bill Accuses Oil Magnate of False Oath.

Requisition for His Appearance in Criminal Court Is Received.

He Swears His Company Is Not Connected With the Standard Oil.

LOS ANGELES, Feb. 18.—[Exclusive Dispatch.] A requisition for the extradition of H. Clay Pierce, president of the Waters Pierce Oil Company, was received today from the Travis county, Texas, authorities. The requisition calls for the rendition to the Texas authorities of H. Clay Pierce, oil magnate and multimillionaire of St. Louis, Mo.

About the time this requisition reached the Missouri Executive, letters also were received from Judge Priest and John D. Johnson of St. Louis asking that they be granted a hearing at 2 p.m. tomorrow, but it is likely to be delayed longer for the reason that the Sheriff of Travis county, G. S. Mathews, is named in the papers as the agent to take Pierce in custody.

As soon as this discovery was made, Deputy Sheriff Hall wired for his chief to come in person at once.

The indictment charges that on or about May 31, 1906, Pierce made oath that the Waters-Pierce Oil Company of which he then and is now the president, was in no way connected with any pool or trust agreement or in conspiracy to control the price of oil or petroleum products.

That oath was made before a notary and was a condition precedent to the extradition of Pierce to Texas.

The presentment by the grand jury goes on to say that at the time of the killing of White, in conspiracy with John D. Rockefeller, Henry H. Rogers, William Rockefeller and many other persons composing the Standard Oil Company of New Jersey to control the price of oil and petroleum products in violation of the law of Texas on that subject.

He is therefore charged with perjury in making a false affidavit in a material matter.

The indictment of Pierce is closely connected with Hadley's investigation. Hadley developed the fact that the Standard owned and still owns six per cent of the capital stock of the Waters-Pierce Company.

Pierce has his home in St. Louis, but occupies a suite of five rooms at the Waldorf-Astoria in New York, paying \$15 per day. He has a yacht and a private car.

The Texas officer probably will have difficulty locating him.

PHENOMENALLY RICH STRIKE IN ARCTIC IS RECOVERED.

Prospectors Who Found Gold Perish in Storm on Behring Sea, but Old Man to Whom Dying Miner Bequeaths Fortune Discovers Diggings After Years of Search.

ST. LOUIS, Mo., Feb. 18.—[Exclusive Dispatch.] The White-Thaw tragedy and trial in New York might never have been a possibility, and instead of Harry Thaw, millionaire, fighting for his life there might have been some one else charged with an attack on the New York architect but for Edna May, a St. Louis hotel keeper, and his wife.

Edna May, the actress, was in some respects the Evelyn Nesbit of that life drama played ten years ago. Fred Titus, the former champion bicycle rider, was the hero. White was rehearsing the role he is charged with playing at a later date.

White's alleged attentions toward Edna May are said to have so angered and annoyed Titus, who was then her husband, that Dutton and his wife hid a revolver from Titus in New York City one night some time in January, 1907.

At the same time Dutton and his wife kept Edna May inside of a booth at a bicycle show, fearing that if White should see the pretty actress and attempt to show her any attentions that trouble would result.

DAY'S TESTIMONY IN THAW TRIAL.

NEW YORK, Feb. 18.—[Exclusive Dispatch.] Dr. Evans, superintendent of the New

York State Hospital for the Insane, was on the stand Thursday when the trial was adjourned, and was recalled today as the first witness. Lawyer Delmas took up the direct examination of the witness, thus resuming his position as leading counsel. Dr. Evans was asked to relate the conversations he had with Thaw during his first three visits to the defendant in the Tombs.

The witness has testified that as a result of the first three visits he had reached the conclusion that Thaw was of unsound mind.

Dr. Evans submitted to the court the contention that the witness should produce any notes he may have taken at the time of the interviews.

"That is a matter for general cross-examination," ruled Justice Fitzgerald. "Although I am not compelled to do so," said Delmas, "I will examine the witness upon the point so as to satisfy the learned District Attorney."

Dr. Evans said he did take some notes of one visit, but they were destroyed when he turned them over to his stenographer.

"Thaw asked the doctor to take notes, and I had to take notes for a third visit, but Thaw dismissed the physician and counsel on that occasion."

"This witness," he declared, "says he must omit essential facts."

WANTS REHEARING.

SOUTHERN PACIFIC FIGHTS.

SAN FRANCISCO, Feb. 18.—Through its legal bureau the Southern Pacific company today filed in the United States Circuit Court of Appeals an application for a rehearing of the case in which the court recently decided that the company does not possess title to the tide lands over which George J. Gould is seeking to lay tracks of the Western Pacific system. The document consists of over 12,000 words, and the decision is contested at every point. The main contention of the Southern Pacific is that the tide line is the true line of the Oakland town grant, and that as the company owns the contiguous land it is entitled to lay rails upon the filled-in land in dispute.

**WILL PROBE RAILROADS.**

HONEY IS ASSIGNED TASK.

RENO (Nev.) Feb. 18.—Should the railroad bill now before the Legislature be defeated, Francis J. Honey of San Francisco will conduct an investigation on the part of the people of Nevada against the railroad lobbyists. A fund to pay all his expenses has been raised by private parties and he has consented to carry on the investigation. Frequent rumors of "Col. Maxima" backed by railroad lobbyists, and weakening of some of the Senators, has aroused the people to this action.

**HARRISMAN IS SUBPOENAED.**

NEW YORK, Feb. 18.—A subpoena was served today on E. H. Harriman, calling for his appearance before the Interstate Commerce Commission in this city, on Monday next. Harriman accepted service.

Foreman Sutton and three of his crew were killed by a dynamite explosion yesterday near Haalee Park, Ky., while constructing a double track on the Louisville and Nashville Railroad. The bodies were blown to atoms.

### MISSING UNCLE LOCATED.

Man Who Disappeared at the Same Time as Did Another's Wife Is Found.

(BY DIRECT WIRE TO THE TIMES.)

BAKERSFIELD, Feb. 18.—[Exclusive Dispatch.] John Aldrich, who disappeared the same time as did his nephew's wife, Susie Aldrich, from the Kern River oil fields nearly a month ago, has been located at Stockton. Aldrich was staying with his nephew's family. Last month the husband returned from his work to find his wife missing. The matter was reported to the police and a description of the two was sent broadcast.

Aldrich the uncle has a wife in Kansas City and she was informed at the time of the disappearance. Yesterday Mrs. John Aldrich received a letter from her husband postmarked at Stockton and she immediately telegraphed to the Sheriff here. Young Aldrich was notified and he left on the first train for the slough city where he will prosecute his uncle and try to bring his wife back to his two little children.

### BURGLARS HAVE A UNIQUE METHOD.

GANG OF SAFE ROBBERS OUTWIT TACOMA POLICE.

Band of Crooks Use Clever Tricks to Break into Buildings and Loot Safes Without Aid of Explosives. Depredations Cover Large Territory.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, Feb. 18.—[Exclusive Dispatch.] At Chehalis last night burglars broke into Robert Fichtner's jewelry store, forced open a safe and got away with the contents consisting of many watches, diamonds, rings and brooches amounting in value to \$15,000.

The burglars entered through a rear door, broke off the dial of the combination lock and got into the safe without using powder.

They dumped the contents into a box and carried it to an alley two blocks off, where they divided the booty. The safe is in the rear of a salaroom and was screened from the front by a counter and showcase.

Chief of Police H. C. Jones declared that one of the most daring gangs of safe robbers in the country is now operating in this section. The gang visited Tacoma week before last, when they entered seven offices in one night with skeleton keys or by prying locks. The gang does not use powder to open safes, but breaks off the combination lock and then forces the door open.

Chief Malone says this ingenious method has never before been worked in the Northwest.

Malone figures that burglaries of this kind in the Northwest since the first of the year have netted them \$25,000.

### BERKELEY WANTS CAPITAL OFFERS LEND FOR ITS SITE.

(BY DIRECT WIRE TO THE TIMES.)

BERKELEY (Cal.) Feb. 18.—Berkeley tonight inaugurated a movement to establish the State capital here.

At a mass meeting of the Chamber of Commerce and City Council, tonight, Louis Titus, a capitalist and business man, representing himself and associates, offered to give through the Chamber of Commerce to the State of California forty acres of land lying north of the city and overlooking the Golden Gate as a site for the capital building. A legislative committee will be appointed to present a bill to the Legislature.

**CARUBO WANTS RAISE.**

Tells Manager He Is So Important as Personal Attraction He Should Get \$3000 a Night.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Feb. 18.—[Exclusive Dispatch.] Carubo, the Italian tenor, has approached Hector Connel, his manager, and set forth his claims for terms of engagement after the expiration of his present contract. This has one season more to run, but Carubo's demand for the following year is said to be \$5000 an appearance and a guarantee of fifty appearances during the season, which would insure him \$150,000. At present Carubo is being paid about \$1500 each time he sings.

Carubo's demand for an increase, it is said, is based upon the claim that he attracts a large audience irrespective of the other singers.

Heretofore the highest-priced tenor at the Metropolitan has been Jean de Reszke, who was paid \$2500 for each appearance.

## BARS JAP INVASION.

(Continued from First Page.)

and assert that if any stipulation in said treaty contained is inconsistent or conflicts with the power and authority given by section No. 162 of the Political Code of the State of California, the said treaty is null and void, and the Japanese government is to be held responsible for the same.

"It therefore is proposed by the Board of Education of San Francisco to modify the order segregating the Japanese public school children of San Francisco from the public schools of the city."

The state department, since the passage today of the immigration bill, is prepared to take up again the negotiations that were already in progress with the Japanese government, looking to the regulation of Japanese immigration into the United States. It is expected the negotiations will result in an agreement between Japan and the United States for the withholding by the former of passports to Japanese of the laboring classes seeking to enter the United States.

For several years past the Japanese government has declined to issue any such passport, but the intention is to make this matter a formal agreement if possible. In the short time remaining of the present session of Congress, it is not possible, it is said, to frame anything in the nature of a treaty which would require the action of the Senate. In fact, it is by no means certain that a formal convention is necessary to insure the continuance of the present Japanese policy of refusing passports to the United States to coolies, so it may be decided to give this agreement another form than a treaty.

The Department of Commerce and Labor, being in charge of immigration, will at once, upon the signature of the immigration bill, proceed to instruct the collectors at the various points of entry of the restrictions placed upon the admission of immigrants by the new act. No mention is to be made of Japanese laborers, but the collectors will be enjoined to enforce the passport provisions of the new act which will meet the needs of the Pacific Coast.

## ANNOUNCED IN TOKIO.

**JAPANESE PAPERS EXPLAIN.**  
(BY THE ASSOCIATED PRESS.—P.M.)

TOKIO, Feb. 18.—The passage of President Roosevelt's Passport Bill by the Senate of the United States was semi-officially announced here this morning. The leading newspapers today explained that this action by the United States government is perfectly legitimate and in accordance with treaty stipulation. It was also pointed out that the promise of success of the judicial procedure in the school question is lessening.

The newspapers thus far have remained from making comment on the latest news from Washington. It is believed that the immigration companies will combine to attack the government's attitude if an agreement is reached with the United States on the basis proposed.

It is thought that the general public will regret the solution of the San Francisco school question taking this form, will calmly resign itself to the situation.

## JAP EXCLUSION ACT IS PASSED.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, Feb. 18.—The conference report upon the immigration bill was agreed to today by the House, 191 yeas and 101 nays.

After the reading of the report, Representative Burnett of Alabama made points of order against the first provision, which undertakes to regulate the incoming of Japanese coolies by giving the President authority to refuse to recognize their passports. As to the first proposition, Mr. Burnett insisted that the authority conferred by section 42 on the President put in his hands a "big stick" which he could wield over a State. He declared that it gave the President a power which was never contemplated by the Constitution, nor by the enabling act of any sovereign State. Burnett also raised a point of order against the section relating to the air space in vessels bringing immigrants to the United States. Mr. Watson read from a declaration made by Speaker Clegg which sustained the right of Congress to introduce new matter in a conference report provided the subject had received consideration even in connection with some other measure. He took the ground that the provisions in dispute were in the bill as a matter of right. Burnett of New York supported the report on the ground that the whole immigration question had been thrown into conference.

Burnett asked the speaker if the whole Chinese exclusion law could not be repealed by a conference report.

"Oh, why does the gentleman ask about that which might, could, would or should happen?" replied the speaker amid laughter. The speaker overruled the points of order on the ground that the conferees had been wholly within their rights when they agreed to a substitute for both the Senate and House bills.

Mr. Burnett appealed from the decision of the chair, whereupon Mr. Payne of New York moved to lay the appeal upon the table. The yeas and nays were called for, and the appeal was tabled, 194 to 10.

The conference report was then taken up for consideration on its merits, one hour being permitted for debate.

**CALIFORNIA'S POSITION.**

Hayes of California frankly stated that the Japanese exclusion bill was not just what the people of California wanted, but said it would go very far toward ameliorating present conditions. He said it was a temporary expedient which he believes would be followed by a much more satisfactory arrangement. He also believed that when the people of California become familiar with the section, they, too, will be satisfied, as were the members of the California delegations realizing that it is the very best they can get at this time. He said the delegation had agreed to support the bill in the interest of the whole country and in the interest of California and the Pacific Coast. Michael of Illinois declared the powers of the "big stick" had been whittled to the dimensions of a tooth pick in the light of recent events. "Regarding the Roosevelt proposition," said Michael, "by what law of human reasoning is the United States, the greatest nation of the West, compelled to bow to the little pampered bully of the East?"

Kahn of California confirmed what Hayes had said in relation to the exclusion feature of the immigration bill, and expressed the opinion that it would go very far toward relieving the situation in California. The conference report was then agreed to—yeas 187, nays 101. The following Republicans voted against it: Fordney, Michigan; McColl, Massachusetts; McCarthy, Nebraska; Smith of Iowa.

The following Democrats in favor of the report: Deamond, Missouri; Maynard, Virginia; Moon, Tennessee and Willey, Alabama.

## NAVAL WONDERS ARE AUTHORIZED.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, Feb. 18.—(Exclusive Dispatch.) The United States will have the two largest battleships known to naval architecture. This fact was determined today, when the Senate Committee on Naval Affairs approved the action of the House in providing for the construction of these vessels.

No change was made by the Senate committee in the House bill, so far as it relates to the building of the two warships that will make the British Dreadnaught seem like a toy boat. The sum of \$2,000,000 was added for the armament of other vessels under construction.

It is believed that the acceptance by the Senate committee of the House provision for two battleships of the largest known type was chiefly influenced by the action of the House in providing for the armament of other vessels under construction.

## CLAIMS MISREPRESENTATION.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, Feb. 18.—(Exclusive Dispatch.) Representative McKinlay is displeased over misrepresentations he claims his political enemies have made to make it appear that he is doing nothing to secure from the Department of the Interior the \$500,000 granted to the Orland Water Users' Association of Sacramento Valley for the construction of an irrigation project. He claims that political enemies have endeavored to make it appear that Representative Bell, McKinlay's predecessor, deserved all credit for the money appropriated by the department.

In a letter, which Secretary of the Interior Hitchcock today forwarded to the matter by your office, you state that your urgent and persistent application that the action of this department was taken.

"It gives me great pleasure to testify to the earnest and active part taken in that matter by you," it is owing to your urgent and persistent application that the action of this department was taken.

## PNEUMATIC TUBE TRUST WINS.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, Feb. 18.—(Exclusive Dispatch.) It begins to look as if the Pneumatic Tube Trust has won out. Today Senator Fulton of Oregon presented an amendment to the Postoffice Appropriation Bill, providing for the establishment of the pneumatic tube service in San Francisco and other cities, provided in the Postoffice Appropriation Bill, but which were denied the service on account of the inability to secure bids from the contracting parties for the price fixed by Congress. Fulton's amendment provides that the government shall pay \$25,000 a mile for the tube service in cities where the tubes are less than three miles long, provided the cost of operation does not exceed 8 per cent. of the gross postal receipts of the city. The sum of \$1,250,000 is appropriated in the bill, and the Postmaster-General is authorized to contract for \$2,000,000 for such service.

## FIFTY-NINTH CONGRESS.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, Feb. 18.—SENATE.—After more than five hours consideration of the Agricultural Appropriation Bill the Senate increased from \$350,000 to \$500,000 the salary of Gifford Pinchot, chief forester. The debate was devoted mostly to the method of administration and general policy of the forest service and at times broadened to include the public land question generally. Practically no progress was made on the Agricultural Bill.

The Senate will meet at 11 o'clock tomorrow morning and hereafter.

Last week's comment regarding the increase in the salary of Mr. Pinchot, led Fulton to make a general criticism of the administration of this bureau. The salary increase was agreed to before Fulton took the floor.

### Match Is Called Off.

CHICAGO, Feb. 18.—[Exclusive Dispatch.] After stringing the negotiations for a considerable time, Kid Herman today made up his mind he would call off his proposed match with Young Corbett at Reno, Nev., and so advised the managers of the club there. He says his marriage Sunday will upset all the plans he had for meeting the Denver man, March 20. The purse for the contest was placed at \$10,000, but even this amount was not attractive enough to the Chicagoan to forego the delight of a honeymoon.

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Contractor Bankrupt.

W. R. Phelps, a building contractor of this city, is heavily in debt, and filed bankruptcy papers in the District Court yesterday. His home is at 11744 S. Main St., and his assets at about \$100,000.

**China Chin Is Impoverished.** The case of China Chin, the Chinese student under trial in the United States Court for being wrongfully in this country, may be ended today. The prosecuting attorney claims that Chin is an impostor.

**London Lectures.** The series of six London lectures to be given under T.M.C.A. auspices, are to be on Tuesday evenings, instead of Thursdays, as formerly stated. The first will be given this evening by Rev. William Horace Day.

#### Storm Water at San Gabriel.

Another storm-water difficulty has come before the San Gabriel flood control board. It is the district surrounding the Masonic orphans' home, near San Gabriel. The board will make an inspection on the 25th inst., and determine where a storm-water course shall be located.

**To Operate on May.** Preliminary C. A. May, the victim of J. M. Rhee's bullet, will have to undergo an operation today. He was operated upon last week as being much worse than he has been, however, fever existing. The surgeons will introduce a drainage tube into the plural cavity to get rid of accumulated pus. While May is in the hospital, his condition is not yet certain that complications will not set in.

**Dam the San Gabriel.** Property owners in the vicinity of El Monte have secured and yesterday filed with the Board of Supervisors the petition of owners and along the San Gabriel River to build a dam across the place where "New River" branches off from the old river bed. Work on this dam is to be started at once. The property owners have raised \$100,000 and the county will give a like amount. It is expected this work will confine the river to its old channel above El Monte.

**County Farm Oranges.** The orange crop from the County Farm this year will amount to thirty carloads. Twenty-seven cars have been shipped during the season, and Supervisor Midgley estimates that there are at least three carloads of late Valencia still on the trees. This is an increase of two carloads over last year's crop. It is said that it will cost fully \$100,000 to properly fumigate the trees, as they have been so long neglected and the purple scale has made a great start.

**Patent Cases.** John L. Hines of Los Angeles and Frank Monaghan of Santa Ana, who are in business as the Hines Domestic Oil-Burner Company, have brought suit for infringement of the United States Court against Alonzo W. Gensert of Fresno, who does business under the name Gensert's Patent Company. The complainants allege that for some time Gensert has been manufacturing and selling a certain hydrocarbon burner upon which they hold exclusive patent rights.

**Another Franchise Granted.** W. C. Weaver was awarded a franchise for an electric street railway on New York street yesterday by the Board of Supervisors. The new line for the city limits will be a life of forty years, and is for a double track from the west city limits to New York street at Avenue 51, only a few blocks. It makes a connection with franchises already granted for lines to extend into the Santa Anita district. The road is to be built by the Los Angeles Railway Company, and work will be commenced soon. The franchise provides for carrying only passengers and freight.

**Joint Jail in Sanville.** Some months ago the Board of Supervisors decided to build a sub-county jail at Sanville. It was to be first-class for its purpose. Yesterday the Board of Supervisors accepted the plan for a detention of criminals from the newly-incorporated city of Sanville, and for the use of the new jail jointly with the county. It was decided that Sanville is to take charge of the building and keep it in repair, and for the use of it as a city prison. The county will keep the prisoners who may be kept there temporarily. The county will furnish blankets for the prisoners, but Sanville is to furnish other supplies.

## La Grecque Corsets

Long Hip, Long Back Model

Stout figures wearing La Grecque Corsets are developed into permanent shapeliness and gain a style that is individual and distinctive.

This La Grecque Long Hip Model is the result of scientific design and skilled workmanship, specially directed towards making shapely the stoutest figures.

Style and comfort are both obtained—the waistline is clearly defined with slope downward from back to front, the bust is high and full enough for support without confining. Hips and abdomen are completely enveloped with snug fit.

The whole figure is lengthened and made shapely and stylish. Ask for Style 2284—nine dollars. Style 2248, at \$6, is similar, while style 229 at \$10, is practically the same model in white brocade.

One of America's foremost stationers puts up this Victoria cloth finish paper in attractive note shape for us exclusively. 60s usually sell it for 25c a box, on special sale today, 15c.

**Silks For Easter Gowns**

In a multitude of ways is the pre-eminence of this silk section emphasized. Today's Broadway window display of pattern silks for Easter gowns is striking proof of our superiority in getting exclusive designs early in the season.

Just a hint the window gives of the wealth of patterns within, you may see sumptuously elegant broche silks in white with turquoise or chambray bowknots and foliage designs—light, shimmering fabrics, large Dresden pompadours in delicate pastel shades, handsome Roman stripes and Dresden patterns combined, and dozens of others.

## HALF AROUND SWINGS HAND.

Y.W.C.A. BUILDING FUND OVER  
MIDDLE OF LADDER.

Girls Going Without Lunching and  
Walking from and to Homes to  
Contribute Mite—Fund Started for  
Explosion Sufferers Shows Pure  
Unselfishness of Organization.

"More than one girl in this city is going without her lunch and walking to and from her work to save her fare in order to give her mite to swell the building fund of the Y.W.C.A.," observed one of the secretaries yesterday. "A little cash girl who is a member of our Victoria Club has signed a pledge for 25 cents to be paid April 30, and another is saving her pennies to make up half a dollar by the same date."

Meanwhile, the women of the Campaign Committee are working early and late. Some who have never before known what it was to get out and hustle for cash are lending their energies to this cause with a splendid courage. "I went through one whole building today," said one of them yesterday, "and I got was \$20—and lots of promises. The difficulty is this, you see. While the business men do not refuse, so many of them put us off by saying that they have not yet made up their minds just what they will do, and they do not seem to realize that the month is fast flying and we have but ten days more to canvas."

MORE THAN HALF WAY.

Yesterday the hands of the commercial clock swung round a quarter past the half-hour mark, and there was great rejoicing that the first half of the \$150,000 is assured, and the women went to work with a will to climb the last half of the ladder. Only \$2000 was subscribed yesterday, and it was, all around, rather a blue Monday. While the energetic canvassers are not discouraged, yet they are getting a little anxious. It now requires just \$7500 for each and every day during the balance of the month to bring the total amount. The name of Miss Anna H. Clark was yesterday added to the list of famous women, making thirty-seven in all to date. The subscriptions for the day were:

Miss Anna H. Clark.....\$1000  
Mrs. Jean Milbank.....500  
J. B. Torrance.....500  
George Murdock.....300  
J. H. Smart.....150  
Mrs. Edward T. Milford.....150  
Miss Mary E. Haynes.....100  
Charles McKenna.....100  
A friend.....100

Total.....\$2000

Previously subscribed.....7500

Grand total.....\$9500

NOT SELFISH.

While, as a matter of course, association members are almost completely absorbed in raising funds for their building, yet not for a moment have they forgotten the other, and more important, need of the victims of the terrible explosion. It was the purpose of one of the clubs of the association to adopt the aged mother of Miss Crawford, who lost her life, and to care for her needs. One of the extension secretaries went to the home and made known this intention, but the remaining sister prefers to care for the mother herself, and is able to do so. Several beautiful floral pieces were sent from the association for the funeral services on Sunday. A fund for the sufferers has been started at association headquarters, \$10 having been contributed yesterday by one woman. Arrangements have been made whereby a part of the expenses for Miss May Anderson will be paid out of the association fund.

One of the imperative needs of the association is the extension of rest rooms. At present the quarters are so cramped that it is not at all an uncommon thing to find in the single little room set aside for this purpose half a dozen girls stretched out on the floor at the noon hour, relaxing tired, aching bodies. If a girl is so ill as to require the services of a physician, as frequently happens, then all the rest are shut out of necessity. It is the design to provide ample rest rooms in the new building, with at least twenty-five cots, and, besides these, to fit up one room as a sick chamber, where remedies may be found and a girl may receive temporary hospital attention and nursing when necessary.

LIVING ON 5 CENTS.

Said one of the extension secretaries yesterday: "I know of one poor girl now who is living on 5 cents a day—one bowl of soup. Another when she came to us had existed two days on a bowl of soup diluted with water. Since then, the latter girl has been placed, a physical wreck, in one of the hospitals, through the agency of the association. These are only a few of the cases which daily occur, and it is for just such rescue work that the Y.W.C.A. is reaching out."

"Will you, Mr. Prosperous Business Man, help such a good work along?" is the question these women are asking you, day by day, in their canvass for funds.

INQUEST POSTPONED.

Further Hearings in Restaurant Explosion Case Continued Until Next Monday Afternoon.

Because of the inability of the coroner to obtain the depositions of the victims of the Cresta restaurant explosion who are at the various hospitals, the inquest begun Saturday over the dead was yesterday postponed until next Monday at 2 o'clock.

Efforts were made to reach all the patients in the hospitals, for the purpose of presenting their depositions to the coroner's jury; but the two main witnesses, Holmstrom and Bloomfield, are still in such a serious condition that their physicians declared it would be at least three or four days before they could be questioned in any manner concerning the explosion.

At these two men are really the only ones who can throw any further light upon the cause of the explosion, the completion of the inquest must await their ability to make depositions. While the findings of the jury will relate to all of the deaths resulting from the accident, the jury has selected the one case of John Main as the particular body on which to return its verdict. This is the customary procedure, and was followed in the recent inquest over the victims of the Dixie Hotel collapse at Long Beach.

No new phases were presented in the Cresta explosion yesterday. Everybody who was supposed to be able to throw any light on the cause of the explosion has been subpoenaed to appear before the coroner's jury, and it is expected that at least fifteen witnesses or depositions will be heard next Monday.

The list of the dead now numbers six. Reports from the hospitals last night indicated that this list will be increased. The injured are slowly improving in condition.

# BRENTWOOD PARK

## A Distinct Departure in Oiled Thoroughfares

No ordinary street grading and oiling would fit into the scheme of magnificent boulevards, scenic driveways, or other thoroughfares in this ambitious residence-park project. After expending huge sums in laying out this mammoth enterprise, we searched far and wide for the BEST means of permanently paving the drives to afford a smooth, dustless surface hard enough to guarantee sustaining vigorous traffic with an unbroken crust, yet not too hard for comfort. We decided upon an entirely new method of oiling by which the oil is steamed into the surface, incorporating with the peculiar California soil. The street paving alone will make Brentwood Park.

## The Center of Ultra-fashionable Homes

With the splendor of its lighting, the miles of gracefully winding walks, drives and boulevards now assuming shape, and the costly building operations being pushed by well-known residents establishing palatial homes, Brentwood Park is fast becoming the magnificent reality so carefully planned. Discerning men of millions are behind it.

## SICK HEADACHE

## Get Cured Now

It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I cause no pain, and you need not be detained from your work for one day. I especially solicit those cases in which the most so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

### Examination Free

I offer not only free consultation and advice, but in every case that comes to me I will make an examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a.m. to 6 p.m.

PLAINING MAN  
CAN CONSULT  
ME FREE**

**It costs you nothing to talk over your case with me. If you are suffering from any complaint peculiar to men, come in and tell me all about it.**

Whatever the cause, over-indulgence, indigestion, dissipation or accident, if you give me your case I'll get you down to the cause at once, begin to build you up, and give you rational lines.

I'll soon have you a normal, healthy man. Soon have you strong and vigorous as Nature intended you should be.

It is hardly possible for your case to be worse than thousands I have cured—soundly—completely.

Consult me without charge and I'll outline a course of treatment that I am sure will cure you and tell you the cost. No matter how small your fee, it will be gratefully accepted.

I have cured diseases and complaints of men—an expert in
